From the Principal's Desk

Hello Shamrock Family,

I just wanted to share with you what an absolute honor and joy it is to witness the incredible love and care this school community shares with one another. Daily I watch as parents look out for other parents' children. Also, almost hourly, I view students taking care of other students. I am proud of the way our teachers take the time to carefully get to know their students and really make an effort to interact with each student on an individual level.

I was privileged enough to get to attend the most incredible event with my 83 year old father this past weekend, the Father Daughter Dance. This was an outstanding event that just radiated with the love and sense of community that St. John is known for. My dad was amazed at the collaboration of our school parents, warmed by the carefree fun that our students share, and truly touched by the sense of family. St. John is a very special place to learn, work, and grow and that is because of you! So thanks to every shamrock family member for going above and beyond for each other.

Blessings,
Ms. Child
Principal

IMPORTANT: Disaster Drill

Hello Parents,

The diocese mandates that all schools participate in a school-wide evacuation/student pick-up drill every other school year to prepare for a large emergency during which we would have to evacuate the school and wait for student pick up. This very important drill provides staff with the opportunities to review and practice search and rescue and first aid protocols. On May 25th our Disaster Drill will take place, beginning at noon. All students will need to be picked up by either a parent or someone listed on their emergency information. Students will only be released to people who are indicated on their emergency list, and people who pick up students must have identification present and ready to provide staff upon release of students. Lastly, there is no afternoon SEP this day, so ALL students will need to be picked up during the 12 o'clock hour, via our Disaster Drill dismissal system.

To Recap:

Disaster Drill
