Each day your student needs to be sent with a nutritious morning snack. It is essential that our young students eat healthy mid-morning snacks to best aid them in doing their best academic work for the rest of the day. Sweet snacks and junk food do not help children to focus well in school. Ideas for a healthy a transitional kindergarten snack include:

- Fruit
- Vegetables
- Cheese/ cheese sticks
- Crackers
- Cereal bars
- Yogurt

I ask that you also please do your best to send your child with a snack that they can open. Also, labeling your student's food with "snack" and "lunch" helps to ensure they do not eat everything for snack.

All your transitional kindergartener's jackets, sweatshirts, jackets, and water bottles should be labeled with their name!
