Dear Prospective Families,

Welcome and thank you for your interest in St. John Catholic School! We are excited to share our incredibly special community with you. For over 60 years, our school has offered a quality, faith-filled, and academic foundation for students. We challenge and prepare our students for life-long learning and emphasize the development of the whole child. We are a family at St. John Catholic School and our children grow in a learning environment in which they feel at home.

St. John Catholic School prides itself on providing academically engaging and diverse learning experiences to our students. We have fully implemented common core math and reading curriculum, and are gearing up the implementation of the Next Generation Science Standards. Our educators effectively utilize technology to enrich the learning opportunities for students across the curriculum. St. John provides a 21st century learning experience with the support of a one-to-one program for our 5th through 8th grade students.

Please look over the enclosed materials, and we invite you to complete our application. Feel free to email or call our front office with any questions. We would love to give you a tour of our phenomenal school at your convenience, so you can see evidence of the amazing learning and growth that happens at St. John. Likewise, we invite you to talk with our dedicated and talented faculty and staff or our compassionate and involved parent community. We are confident that you will immediately feel the caring and welcoming spirit of St. John Catholic School. We appreciate your interest and hope to get to know your family very soon. Thank you for honoring us with the privilege of being your partners in Catholic education.

Sincerely,

Ms. Paige Child
